

## Pairs Handover 'Elvis guitar' Obstacle

This obstacle has been designed to enable pairs to be judged as they hand over from one to the other.

### Equipment

Circles set up as for led immobility (T-1L)

One inflatable guitar

### Aim

To hand the guitar between the pairs riders in a calm and safe manner.

### Effectiveness marking

The first rider will be given an inflatable guitar before the start and should carry it while they do their obstacles.

After the previous obstacle both riders enter the circles.

Both horses stationary within the inner circle while guitar is passed from one rider to the other = 7

Both horses within the inner circle while guitar is passed from one rider to the other (but one or more horse's foot moves) = 4

Both horses within the outer circle while guitar is passed from one rider to the other (but one or more horse's foot moves) = 1

The second rider should then carry the guitar while they do their obstacles

Dropping the guitar or stepping outside the outer circle will give an effectiveness mark of 0 (INCLUDING while completing other obstacles). If the guitar is dropped then the rider may continue and complete other obstacles, and these will be scored in the usual way.

### Style marks

Marked from +3 to -2 according to the general marking scheme

### Penalties

Brutality/ dangerous riding = -3

Fall of horse or rider = 0 points overall
