

CENTRAL TREC GROUP & Long Drove Dressage Centre present

TREC TRAINING or Applied Dressage

Monday 22nd April 2019

Long Drove Dressage Centre, Long Drove, Somersham, Huntingdon, Cambs, PE28 3HY

Are you a Treccie who wants to work towards getting more perfect IOS on your PTV obstacles, or a dressage rider that wants to liven up your schooling sessions with something a bit different?

Come join us to work with dressage trainer Tara Osborn to help you develop your TREC skills around the PTV obstacles and the control of paces. Sarah Wynn will be on hand to give you tips on rules and scoring, whilst Tara will use her dressage training skills to help you perfect neck rein, glide through the rein back and learn to balance your horse through the bending in canter, amongst other obstacles. For those new to TREC you can learn a whole new way of applying your flat work skills and ways of brightening up your schooling sessions. We will also have the control of paces timing kit set up to allow riders to practice their slow canter and fast walk and see just how close they can get to a perfect score! If there is sufficient interest we will also run one session as a ground work/ in hand session. Suitable for all levels.
